ENTREX GOLD MARKET

The Entrex Gold Market was created to support corporate issuers, investors and regulated market constituents throughout Gold.

The United States Securities and Exchange Commission (SEC) reports that in 2018 \$2.9 Trillion of private securities were made between private corporate buyers and sellers.

The United States Small Business Administration reports that 90% of transactions are made from within 75 miles of the venture:

**gold investors: investing goldly.**

The Entrex Gold Market offers a regulatory compliant platform to bring safety, security and efficiency to this economic and employment sector of our economy.

The **Entrex Gold Market** licenses technology from the Entrex Capital Market.

Entrex's technology is a blockchain enabled software platform which originates, structures, offers, places, trades, settles and services private security transactions.

Our IBM Technology platform has been continually developed over 19 years and was recently profiled in an IBM case-study ([Click for download](#)).

THE ENTREX GOLD MARKET TO BUY, SELL & TRADE

The Entrex Gold Market was founded to apply a regulatory compliant trading methodology to bring safety, security and efficiency to the trading of private gold securities.

The market offers a proven and regulatory reviewed trading methodology which provides access to capital for Issuers and safety, security and efficiency for Investors.

**Entrex provides exposure, credibility and liquidity to the companies that provide the employment and economic growth of our nation.**

INVESTORS

gold Investors often find it difficult and inefficient to buy, sell and trade the securities of private gold companies.

The Entrex Gold Market has created a regulatory compliant trading platform bringing simplicity and efficiency to those challenges. Similar to the look and feel of public company trading; Entrex makes it simple to buy and sell private securities, similar to investment platforms for public securities, making investing simple, safe and efficient.

BROKERS and RIAs

Brokers can now efficiently **originate** and **place** Gold companies through a regulatory compliant platform similar to traditional stock markets.

Whether clients are investors or issuers Entrex offers an efficient solution to access gold buyers and sellers through a network of Gold Brokers and RIAs supporting gold transactions.

CORPORATE ISSUERS/SELLERS

Entrex offers gold corporate issuers exposure and credibility to gold capital while creating a liquidity tool for investors.

The Entrex Gold Market was founded to apply a regulatory compliant trading methodology to bring safety, security and efficiency to the investing and trading of private gold companies.
